

### **ANOTHER STRONG YEAR COMING TO A CLOSE FOR MultiPanel**

The year has flown with so much happening – since our last newsletter award winning “eco friendly” MultiPanel has stepped up production with the installation of the new multi sheet press, appointed more distributors, more international sales and more international trade shows.

### **INTERNATIONAL TRADE SHOWS**

Many of you would be aware that Tony and Leanne have been travelling around the world exhibiting at many trade shows over the past month. So far they have exhibited at IBEX in Miami, Fort Lauderdale Boat Show, METS in Amsterdam, and they are looking forward to the Big Five in Dubai on the 25<sup>th</sup> of November. All shows have been incredibly successful and the whole team is excited about future developments. Please stay tuned for the further announcements about distributors in the US and throughout Europe.

### **NEW DISTRIBUTOR APPOINTED IN CANADA**

MultiPanel is happy to announce the first shipment of MultiPanel to Canada and welcomes the appointment of our Canadian distributor – Hugh will be servicing all of our recent contacts from IBEX and Fort Lauderdale as well as all other people located in the United States, Canada and surrounding regions.

Hugh Carroll  
Thermo Boat Ltd  
7 Henry Avenue West  
Sidney BC V8L 5Y1  
CANADA

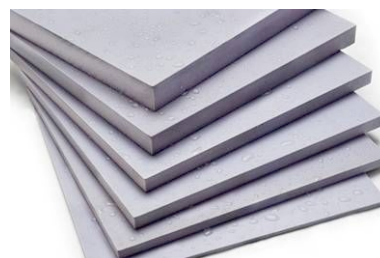

### **AUSTRALIAN DISTRIBUTOR APPOINTED**

We would like to thank Rob Spiller, Joe Guiffrida and staff from Gunnersens Timbermark in Cairns for giving us the opportunity to present MultiPanel to the Builders and Designers Association in Cairns. We had a great night with excellent response. We also welcome the appointment of Gunnersens in Cairns as our newest Australian distributor –

Rob Spiller  
Gunnersens Timbermark Pty Ltd  
303 Lt Spence Street  
Cairns  
QLD AUSTRALIA

### **MULTIPANEL HAS THE “GREEN” EDGE**

“Green” has gone from buzzword to serious business, with many large projects including government projects now specifying sustainable environmentally friendly products.

MultiPanel has been listed on the “Ecospecifier” website as an environmentally preferred product. To view all the eco friendly properties of MultiPanel please visit [www.multipanel.com.au](http://www.multipanel.com.au)

## MULTIPANEL KITS FOR FUSION CATAMARANS WILL BLOW YOU AWAY

Fusion Catamarans are now offering to their customers the option of MultiPanel pre routed flat pack internal furniture kits for their Fusion 40 range. Strength and weight are the primary factors when building successful multihulls. Jim Gard, CEO of Fusion Catamarans Australia says using the MultiPanel pre routed kits will save over 300 kgs on the conventional materials used.

## BUILDING PROJECTS FEATURING MULTIPANEL

### *External Artwork designed by Di Emme NSW*

MultiPanel was used in this 3 dimensional artwork structure. The overall size was 2 panels each 10m x 5m placed on a corner of a building in Docklands precinct in Melbourne.

The artwork was made up of digitally printed vinyl adhered to MultiPanel, then cut out and adhered to a lightweight galvanised steel frame. Using MultiPanel enabled the company not only to save dollars on using a lighter than normally necessary framework to hold a structure of this size but also saved additional dollars on installation costs.

### ***MultiPanel Portico feature Wall***

MultiPanel was used on this three story French provincial residential property in Melbourne. MultiPanel was grooved using a router to create the look of block work for a portico feature wall saving many labour hours. The feature was then finished with an acrylic texture coating to simulate a stone finish.

### ***MultiPanel Mouldings***

MultiPanel was also used for all external mouldings. The MultiPanel sheets were cut into strips and run through a spindle moulding machine to create the desired profile. The mouldings were then finished with an acrylic external paint.

## **NEW APPOINTMENT TO THE MULTIPANEL TEAM**

MultiPanel welcomes the newest member of the team Damian Russo. Damian has been working part time with MultiPanel during 2007 and will take up a full time position in 2008. Damian will complete his Business and Commerce degree, majoring in economics and management and will be assisting in the marketing and finance departments.

## **HAVE YOU USED MULTIPANEL AS A SOLUTION TO A DIFFICULT PROJECT**

Don't forget to drop us a line and tell us about your last project using MultiPanel.

Remember to include some photos of your project and we will give you and the project a mention in our next newsletter.

## **REFERRALS AND FEEDBACK**

If you have a friend who would like to receive our newsletters please email us their details. We are always looking for your feedback so if you have any suggestions for our newsletters please drop us a line.

If you do not wish to receive future emails please reply with "please remove" in the subject line
